Education

- 2014 PhD University of Texas, Austin, TX**
Department of Nutritional Sciences
Specialization: Behavioral nutrition focusing on nutrition and food-acquisition behaviors of families with young children, including measurement and assessing environmental-behavioral correlates.
- 2013 RD University of Texas, Austin, TX**
Coordinated Program in Dietetics
Completed training and testing requirements to become a Registered Dietitian.
- 2010 BS University of Texas, Austin, TX**
Major in Nutrition (Dietetics, Didactic Program)

Professional Experience

Senior Research Scientist, Gretchen Swanson Center for Nutrition (GSCN)
Omaha, NE | July 2022 – Present

- Lead and/or provide oversight for all scientific aspects of research and evaluation projects. Generate new projects by developing and submitting grant applications and RFP proposals. Initiate and maintain partner relationships, including relationships with funders and clients. Develop project work plans that include research designs, participants, data elements, measurement tools, and deliverables. Oversee the development of measurement tools. Ensure the integrity of sampling and data collection efforts. Conduct qualitative and quantitative analyses. Oversee the development of project deliverables. Contribute to scientific knowledge by developing, submitting, and delivering conference presentations and publishing manuscripts. Maintain a working knowledge of significant developments and trends in nutrition-related fields. Participate in Scientific Advisory Committee meetings, Scientist Retreats, and other appropriate meetings. Serve in advisory roles for graduate students.

Research Scientist, Gretchen Swanson Center for Nutrition (GSCN)
Omaha, NE | September 2016 – July 2022

- Lead and/or provide oversight for all scientific aspects of research and evaluation projects. Generate new projects by developing and submitting grant applications and RFP proposals. Initiate and maintain partner relationships, including relationships with funders and clients. Develop project work plans that include research designs, participants, data elements, measurement tools, and deliverables. Oversee the development of measurement tools. Ensure the integrity of sampling and data collection efforts. Conduct qualitative and quantitative analyses. Oversee the development of

project deliverables. Contribute to scientific knowledge by developing, submitting, and delivering conference presentations and publishing manuscripts. Maintain a working knowledge of significant developments and trends in nutrition-related fields. Participate in Scientific Advisory Committee meetings, Scientist Retreats, and other appropriate meetings. Serve in advisory roles for graduate students.

Eisele Postdoctoral Fellow, Gretchen Swanson Center for Nutrition (GSCN)
Omaha, NE | September 2014 – September 2016

- Support scientific aspects of research and evaluation projects. Aid in new project generation by supporting the development and submission of grant applications and RFP proposals. Help initiate and maintain partner relationships, including relationships with funders and clients. Develop project work plans that include research designs, participants, data elements, measurement tools, and deliverables. Help ensure the integrity of sampling and data collection efforts. Support the collection of qualitative data by conducting key informant interviews or focus groups when needed. Support the analysis of data by conducting analyses and reviewing qualitative and quantitative. Oversee the development of project deliverables by participating in storyboarding sessions, creating outlines, and reviewing drafts. Provide guidance and feedback to work team members on project plans, measurement tools, data analysis, and deliverables. Maintain a working knowledge of significant developments and trends in nutrition-related fields.

Project Specialist, Center for Nutrition Policy and Promotion, USDA
Alexandria, VA | December 2013 – August 2014

- Collaborated in the completion of systematic literature reviews examining the relationship between diet and chronic disease outcomes to inform nutrition policy, such as support of the scientific advisory committee in the development of the 2015 Dietary Guidelines for Americans.

Grants and Contracts – Current

December 2022 – November 2025 **Food as Medicine 3 – Feeding America and Elevance Health Foundation**

- Co-develop with 21 regional food bank and health care system partnerships and their clients/patients a plan to evaluate the impact, challenges, and facilitators of their large-scale food as medicine programs across the U.S.
- Evaluate effects of the food as medicine programs on participants' food security, diet quality, household economics, health, and health care utilization.
- Conduct an implementation study to document challenges and facilitators of food as medicine programs across a variety of settings and partnerships.
- Role: Co-Principal Investigator

September 2022-September 2027 **WIC Community Innovation and Outreach (CIAO) – Food Research and Action Center (FRAC)**

- Design and develop measurement procedures to capture the implementation and impacts of WIC projects, including messaging reach, participant satisfaction, and other variables.
- Role: Co-Investigator

- May 2022 - August 2026 **Evaluation and Learning Partner for the New Jersey Food Insecurity Initiative – Robert Wood Johnson Foundation (RWFJ)**
- Serve as the evaluation and learning partner for the New Jersey Food Security Initiative.
 - Role: Co-Principal Investigator
- September 2020 – September 2027 **FNS: WIC Online Ordering – United States Department of Agriculture (USDA), Food and Nutrition Service (FNS)**
- Studying the key challenges related to implementing online ordering with WIC, developing implementation guidance for State agencies, and evaluating funded State agencies that pilot WIC online ordering.
 - Role: Co-Investigator
- January 2020 – December 2023 **Food Security Risk Factors Measurement Development Project – Walmart Foundation**
- Identify measurement gaps related to food insecurity risk and develop measures to address those gaps.
 - Role: Principal Investigator
- September 2019 –September 2023 **WIC Special Project Innovation Grant (WSPI) – United States Department of Agriculture (USDA), Food and Nutrition Service (FNS)**
- Evaluation of the WIC State agencies funded under the WSPI mechanism to develop innovative approach to promote client satisfaction with the enrollment and certification process.
 - Role: Co-Investigator

Grants and Contracts – Past

- May 2019 - November 2022 **Evaluation of the Voices for Healthy Kids Training and TA Model – American Heart Association**
- Evaluation of the grantee capacity building through training and TA provided by the Voices for Healthy Kids initiative.
- Role: Principal Investigator
- March 2019 - March 2021 **Case Study of the 2019 Nebraska Floods – Gretchen Swanson Family Foundation**
- Examining system/community resiliency in the food bank system, especially preparedness and response to natural disasters.
 - Role: Principal Investigator
- April 2019 - June 2020 **PFAS and Associations with Stress and Diet – Agency for Toxic Substances and Disease Registry**
- Examining psychosocial health impacts of PFAS/PFOA contamination, assessing mediators such as socioeconomic status, and reviewing the evidence on human PFAS/PFOA exposure through the food system.
 - Role: Co-Principal Investigator
- February 2019 - July 2019 **Evaluation and Strategic Planning for the Praxis Project – The Praxis Project**
- Assessing the Praxis Project’s roles in the public health landscape, and strategies for supporting community-based organizations to advance health equity.
 - Role: Principal Investigator

August 2019 - December 2020	<p>Studying Perspectives of Health Equity Researchers and Practitioners – FHI 360/Robert Wood Johnson Foundation</p> <ul style="list-style-type: none"> • Conducting a qualitative study of the needs of health equity researchers and practitioners in terms of data, tools, and resources. Also, gathering data on their perspectives in the field of health equity. • Role: Co-Investigator
May 2018 - January 2019	<p>Systematic Review of Available Social Determinants of Health Measures – Feeding America</p> <ul style="list-style-type: none"> • Conducting a systematic literature review to inform development of a compendium of measures of food insecurity risk factors among low-income populations. • Role: Principal Investigator
January 2016 - December 2018	<p>Longitudinal Evaluation of Healthy Food Store and Resource Center – ProMedica Foundation</p> <ul style="list-style-type: none"> • Longitudinally assess the impacts a newly built healthy food market and resource center has on food security, dietary behaviors, and economic factors among the surrounding low-income neighborhood. • Role: Principal Investigator
July 2017 – May 2018	<p>Evaluation of Salud America – Robert Wood Johnson Foundation</p> <ul style="list-style-type: none"> • Evaluate and provide recommendations for Salud America!, which supports grassroots advocacy organizations that are pushing for environmental and policy changes to support healthy lifestyles for Latinx populations. • Role: Co-Principal Investigator
January 2018 – May 2018	<p>Evaluation of the Culture of Health Prize Program – Robert Wood Johnson Foundation</p> <ul style="list-style-type: none"> • Evaluate and provide recommendations for the Culture of Health Prize Program, which recognizes and awards prizes to cities that have strived to establish an equitable culture of health. • Role: Co-Principal Investigator
May 2017 - October 2017	<p>Evaluation of the ANCHOR Initiative – American Heart Association</p> <ul style="list-style-type: none"> • Evaluation of the Accelerating National Community Health Outcomes through Reinforcing Partnerships (ANCHOR) Initiative. • Role: Co-Principal Investigator
January 2016 - May 2017	<p>Developing a Dietary Screener for Food Pantry Settings – Centers for Disease Control and Prevention</p> <ul style="list-style-type: none"> • Co-develop a survey and protocol, cognitively test the survey with a sample of food banks across the country and modify and psychometrically test the survey to be used in the FRESH Foods Study. • Role: Co-Investigator
October 2013 - December 2016	<p>Evaluation of the Omaha Plan Initiative – ConAgra Foods Foundation</p> <ul style="list-style-type: none"> • Evaluation of a multi-stakeholder local initiative to end hunger in Omaha, Nebraska, a product of the national Child Hunger Ends Here initiative. • Role: Co-Principal Investigator
January 2015 - January 2016	<p>Developing Dietary Assessment Methods for the FLASHE Survey – National Cancer Institute</p> <ul style="list-style-type: none"> • Survey development, dietary assessment procedure development, and related tasks for The Family Life, Activities, Sun, Health, and Eating (FLASHE) Survey. • Role: Co-Investigator
